# **ACCESSIBILITY PLAN**

## **2025-26**

**Date Adopted:** October 2025

**Author/owner:** Local Governing Body

**Anticipated Review:** September 2026

The Accessibility Plan provides a format for addressing the statutory duties of The Equality Act 2010 and The Children and Families Act 2014. This policy is:

- Reviewed and reported on annually and re-written every three years
- Monitored by the Tarka Learning Partnership and Ofsted as part of their inspection cycle.

The Accessibility Plan has been drawn up with reference to other school improvement documents:

- Devon SEND Strategy 2021-2024
- The Accessibility Plan should be read in conjunction with the following documents:
- Equality, Diversity & Inclusion Policy
- SEND Policy and SEND Information Report
- Promoting Positive Behaviour Policy
- Anti-bullying Policy
- PSHE Policy
- Health and Safety Policy
- School Improvement Plan

The school's context has informed this Accessibility Plan.

The Accessibility Plan is divided into three sections, publishing how the school aims to strategically plan to increase access over time, to:

- Improve access to the physical environment of the school to take better advantage of education, facilities and services provided
- Increase participation and access to the curriculum for pupils with a disability
- Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents, volunteers and visitors with disabilities.

We are committed to ensuring our school is socially and academically inclusive, which values and includes all pupils, staff, parents, volunteers and visitors, regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.

We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

We aim to include all users of the school, including those with disabilities and protected characteristics, in the full life of the school. Our strategies to do this include;

- promoting a welcoming environment for all
- following the Tarka Learning Partnership's admissions and recruitment policies and in adherence with equal opportunities; which do not discriminate against people with disabilities or protected characteristics or treat them unfavourably
- raising awareness of The Equality Act amongst staff and governors through a programme of training; acknowledging the need for ongoing training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter

- planning the physical environment of the school to cater for the needs of all users of the school, including those with disabilities
- finding ways in which all pupils can take part in the full life of the school, including; a full curriculum, extra-curricular clubs, school excursions and residential trips, devising teaching and learning strategies to remove barriers to learning, having high expectations, working in partnership with parents and local agencies
- examining our curriculum, library and reading books to ensure there are examples of positive images of diversely represented individuals and groups, including people with disabilities
- providing written information in a form which is user friendly and where needed, providing alternative forms of communication to convey information, for example, face-to-face meetings, telephone conversations, visually supported text, etc
- using language which does not offend in its literature and raising awareness within the school of the importance of language
- effective monitoring through gathering views of stakeholders;
- gather the views of our pupils through a variety of systems including, collective worship, the school council, Personalised Plan (SEND), pupil reviews
- systems in place for staff, school community board representatives and parents to communicate their views and opinions on a variety of matters; admissions information, parent- teacher meetings, SEND reviews, induction/transition meetings and home visits, parent questionnaires etc. It will be important to adapt and develop these communication procedures to ensure the voice of people with disabilities is regularly listened to and involved in the life of the school, to ensure disabled people are informing future plans.

## Action Plan

We have produced an Accessibility Plan action plan to ensure that we fulfil our general and specific duties under the Equality Duty. Our previous accessibility plans outline the steps we have taken to improve curriculum access, provision of information to disabled pupils and physical access.

Key areas we are including as action points:

- Devon's accessibility audit tool, visual access information and Autism Education Trust audits to inform improved access to the physical environment of the school and physical aids to access education
- Cycle of staff training to include raising awareness of the Disability Act

The Head Teacher and SENDCo will review this policy. The Head Teacher and SENDco will consult other stakeholders such as parents, health professionals and building professionals in formulating

further action plans. From these discussions, priorities will be drawn up which reflect need and available financial resources.
